

CROSSGRID

Crosswords without Clues

CROSSGRID The computer crossword program with a difference, discover which letter of the alphabet each number represents until you end up with a normal crossword solution. Each absorbing puzzle requires an intriguing combination of lateral thinking and logic but with no clues to solve. Five levels of difficulty to suit all levels of play, from easy for younger children to supreme for the confirmed crossword addict.

Each **CROSSGRID** is unique, generated by the computer.

CHAIN WORD - Another absorbing word, puzzle, easy to operate - difficult to solve.
